CSCI S-65 Assignment 0

Chris Hogan (hogancr@gmail.com)

1.
    a. Currently planning to use a [Mac Mini MC816LL/A](#) desktop with 2-core i5 processsor @2.8GHz, 4GB Ram, 450 GB free, and El Capitan installed. I plan to use TeamViewer to log into it remotely from my Windows laptop during classes. If I end up having issues with this setup I will consider buying a MacBook but I'd really like to try this first.
    b. I have an old iPhone 5 **(processor, ram, ios?)** with a cracked screen I can use in a pinch, my wife has an [iPhone 5s](#) (A7 processor, 32GB, iOS 9.3.2) and an [iPad mini 2](#) (A7 processor, 32GB Ram, iOS 9.3.2)
    c. UDIDs –
